2. I, and on behalf of all members of my household, acknowledge the risk of contracting COVID-19, or infecting others with COVID-19 even if I am asymptomatic, during use of the pool, including the potential for serious illness, long term injury(ies) and death, and while particular rules and personal discipline may reduce these risks, no rules or disciplines can guaranty us to be free from these risks;

Any failure to comply with these rules will result in termination of my household's pool privileges. If however I observe any unusual significant hazard during my presence or participation, I will remove myself from participation and bring such to the attention of the nearest official or Board member immediately, but we likewise acknowledge the Association neither has the manpower nor financial resources to police rule compliance at the pool;

**Acknowledgement and Agreement to Comply  
Providence COVID-19 Pool Rules**

In addition to the foregoing **COVID-19 POOL USE WAIVER/RELEASE OF LIABILITY & ASSUMPTION OF RISK AGREEMENT** as an of record title holder to a Lot in the neighborhood or an Approved Tenant of Providence (pursuant to its Leasing Rules) and user of the Providence Pool, I acknowledge and agree to adhere to the following additional rules adopted by the Providence Property Owners Association as a condition of access to the neighborhood Pool and as a means of helping the community utilizing the pool to minimize the spread of COVID-19.

I specifically agree to the following:

- I will ensure **I, and all members of my household** follow all posted rules for use of the pool.
- I will ensure access to the pool is **limited to myself and/or members of my household**.
- I will ensure **I, and all members of my household** are able to answer **NO** to each of the following questions **each day** prior to accessing the pool:
  - Have you been in close contact with a confirmed case of COVID-19 in the past 14 days?
  - Are you experiencing a cough, shortness of breath, or sore throat?
  - Have you had a fever in the last 48 hours?
  - Have you had new loss of taste or smell?
  - Have you had vomiting or diarrhea in the last 24 hours?
- I will ensure that if I or any member of my household has taken the test for COVID-19 and have not yet received the results, **I, and all members of my household will not enter the pool**.
- I will ensure **I, and all members of my household**
  - utilize hand sanitizer upon entry into the pool.
  - encourage washing of hands often and covering their coughs and sneezes.
  - do not cause the occupancy of the pool to exceed a total of 50 individuals, regardless of age.
  - will practice proper social distancing (physical distancing of 6 feet should be maintained between people in all pool areas). However, family members may sit and enter the pool together.
  - understand social distancing applies in the water and out of the water. I further understand this is a requirement of the Executive Order and not a suggestion and carries potential penalties including fine and imprisonment.
  - understand when social distancing is not practical or possible, cloth face coverings should be encouraged. **FACE COVERINGS SHOULD NOT BE WORN IN THE WATER** as doing so may make it difficult to breath when wet.
  - understand tables, chairs, and other high touch surfaces should be disinfected frequently and that as the pool does not have a permanent staff, I should bring to the pool any required cleaning supplies to sanitize the individual chairs and tables to the extent I feel is required for the safety of the members of my household.
  - understand tables and chairs have been arranged to facilitate social distancing and should not be moved.
  - Discourage the sharing of items such as food, equipment, toys, and supplies with those outside my household

I will ensure **I, and all members of my household**

- recognize Cases of COVID-19 continue to be identified in U.S. states and in Mississippi. Mississippians are advised to take health precautions to prevent the transmission of disease, are still being asked to stay home as much as possible to prevent the spread of the coronavirus.
- recognize some individuals due to age and/or existing health conditions may be more vulnerable to contracting COVID-19 and are at a higher risk of death due to COVID-19. These individuals should strongly consider not using the pool facility.
- recognize individuals who are asymptomatic may spread the disease.

I understand failure to comply with the above rules may result in loss of privileges for the Providence Neighborhood Pool for my child(ren) and/or myself.
